4. Kemping Aquarea, Čierna Voda (Aquarea Campground)

The campground is located at a sports and recreation complex near a former gravel pit. The size and depth of the lake makes its surface turquoise in color and also keeps it clean so the water always remains clear throughout the year. There are a total six sites where 15–20 people can camp out at the largest and 10–15 can stay at one time in each of the remaining sites. All of the campsites have their own beach and pier.

Season: May to September
